Strategic Report
for the 6 months ended 28 February 2022

Summary and highlights

Change of name

The Company changed its name from Retail Charity Bonds PLC to RCB Bonds PLC on 10 September 2021 to reflect the fact that it will now act on behalf of ethical companies, as well as registered charities.

Results

The Directors present unaudited condensed financial statements for the 6 months to 28 February 2022.

The results of RCB Bonds PLC (the "Company") are set out on page 10. The articles of the Company do not permit the payment of a dividend.

Business model and strategy

RCB Bonds PLC is a special purpose vehicle created by Allia Ltd, a national charity and social finance specialist. The Company has been established for the purpose of issuing bonds and lending the proceeds to UK charities and ethical companies to enable them to deliver their charitable mission. Since the year end the Company's objectives have been extended to allow proceeds also to be lent to ethical companies in the United Kingdom for the purpose of promoting social and/or environmental impact. It will not engage in any activities which are not related to this purpose.

The Company is governed by an independent board of directors, acting on a pro-bono basis, who will review applications by appropriate established charitable organisations and ethical companies seeking loan finance.

As a special purpose issuing vehicle it has no employees and all management and administrative services are carried out, under a services agreement, by Allia Bond Services Limited (ABS) a wholly-owned subsidiary of City & Continental Limited (C&C).

The Company is not itself a charity but its articles do not permit the distribution of profit. The shares of the Company are principally held by RC Bond Holdings Ltd, an independent special purpose holding company.

One special share is held by Allia Ltd which provides that the articles of the Company cannot be changed without the consent of Allia Ltd.

Business review

The company made a profit after tax of £2k (2021: £2k).

On the 8 December 2021 the Company issued £50m of the 3.50% bonds, due 2031 (including retained bonds), secured on a loan to Charities Aid Foundation (CAF). The total principal amount of retained bonds was £20m.

On the 9 December 2021, Charities Aid Foundation purchased £12.81m of 5.00% bonds due 2026, reducing the outstanding amount to £7.19m and the £10m retained bonds have been cancelled.

RCB Bonds PLC
(formerly Retail Charity Bonds PLC)
Strategic Report
for the 6 months ended 28 February 2022

On the 16 February 2022 the Company issued £2.4m of the 5.00% retained bonds, due 2030. At the same time a further £2.4m was advanced to Alnwick Garden Trust, on which the retained bonds were secured.

The balance sheet position at period end shows net assets of £65k (2021:£63k).

ABS continued to undertake all activities relating to administration and management. C&C has the responsibility to act as origination manager to identify further suitable borrowers who would benefit from being able to access finance through a retail bond. C&C is a subsidiary of Allia Ltd.

Key performance indicators

The entity operates as a funding vehicle and as such has no specific key performance indicators. The entity is monitored against the original performance model and its annual objective is to break even.

Principal risks and uncertainties

The principal risk for the Company is the credit risk, discussed below.

Financial risk management

The Company's operations expose it to a variety of financial risks that include the effects of interest rate risk, liquidity risk and credit risk.

- ***Interest rate risk***

As at 28 February 2022 100% of the Company's debt was on fixed rate terms. There is no intention to repay any debt prior to maturity; therefore any movement in the market value of debt due to changes in interest rates is not deemed material to the ongoing operations of the Company.

- ***Liquidity risk***

The Company actively lends the full amount of the loans it borrows, thus it has assets to fully offset its liabilities and interest receivable to offset its interest payable.

- ***Credit risk***

The Company is reliant on the interest paid on its loans to fund the interest owing to bondholders. The Company's rights to receive payments from the borrowers under the loans and certain related assets under the issue documents for the bonds (the "Charged Assets") are charged as security for the benefit of the investors in each of the bonds. As each bond prospectus stipulates that the obligations of the Company to pay amounts due on the bond are limited to the Charged Assets, the bondholders do not have recourse to any general assets of the Company and the risk of default by the borrowers is fully borne by the investors in the bonds.

for the 6 months ended 28 February 2022

Operational risks

Since the Company has no employees, it relies entirely on ABS to provide management and administrative services. Any disruptions in the servicing arrangements could have an adverse effect on the Company. Having considered the complexity and volume of the transactions and the capability of ABS, this risk is judged to be low.

Future outlook

The Directors are satisfied with the results for the period and expect future performance to continue on the same basis.

The Company expects to issue further bonds in the next six months and beyond.

Corporate governance statement

Internal control

The Board has established two committees:

1. The Review Committee is responsible for reviewing all loans to be made by the Company, recommending them to the Board for approval, considering the risk disclosures that will be required in relation to the issuer charity and for recommending to the Board for approval any bond issues and the particular disclosures to be made in the relevant prospectus.
2. The Audit Committee is responsible for the Company's relationship with its external auditors, including advising the board on selection and remuneration, and for reviewing of the financial statements and the operation of its internal controls as carried out on its behalf by ABS.

The Company regards the successful identification, monitoring and control of risk as an essential part of its operations. To do so, it relies on the following procedures carried out by ABS and C&C on its behalf:

- All relevant details for each bond issue, such as amounts, contract details, timings are documented and confirmed within ABS and C&C and by the relevant charity. At the same time a schedule of all transactions relating to the life of the bond is prepared and agreed by all parties.
- Separate bank accounts are maintained for each bond and also to separate general transactions from retained profits. All accounts are operated online with the usual bank security provisions, with dual authorisation required for any payment.
- Every bank account is reconciled monthly.
- Payments of bond interest are made through a professional paying agent.
- All accounting entries are recorded on Sage 200, which is provided with a full support package and which is backed up regularly. Appropriate anti-virus software is installed and updated as required.

S172 statement

Throughout the period the Board of Directors has given consideration during its discussions and decision-making of the matters set out in section 172 of the Companies Act 2006. Set out below is a description of how the Directors have had regard to the matters set out in section 172 (1) when performing their duties under section 172.

The Company is a special purpose vehicle; its only business is issuing bonds, in order to lend the proceeds to UK charities and ethical companies in the United Kingdom for the purpose of promoting social and/or environmental impact. Many of these bodies operate as businesses, generating revenue from their activities. As with any other business, loan finance can enable them to expand their activities and generate more income, which means delivering more benefit for the people they work with.

The Company has no employees and therefore there are no matters relevant in this regard.

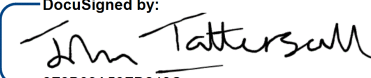

C&C, part of the Allia group, provides debt advisory and arranging services, and arranges bond issues on behalf of borrowers. It also acts as lead manager on new issues and supports secondary market trading of bonds for institutional investors.

As the board of directors, our intention is to behave responsibly and ensure that ABS operates the business for the Company in a responsible manner, operating within the high standards of business conduct and good governance expected for this special purpose vehicle.

The Company is a wholly owned subsidiary of RC Bond Holdings Limited, and the Directors believe in the course of business for the year that the company has acted fairly and transparently in the interests of the parent company.

Directors' Report
for the 6 months ended 28 February 2022

Incorporation

The Company was incorporated in England and Wales on 14 March 2014. Its ultimate parent undertaking is RC Bond Holdings Limited.

Consumption by the Company is less than 40,000 kWh of energy therefore, a statement that greenhouse gas emissions, energy consumption and energy efficiency disclosures are not given for that reason.

Principal activities

The principal activity of the Company is to act as a special purpose vehicle for the purpose of issuing bonds and lending the proceeds to UK charities and ethical companies in the United Kingdom for the purpose of promoting social and/or environmental impact. It will not engage in any other business activity.

The Directors of the Company who have served during the period and to the date of the financial statements are:

John Tattersall (Chairman)
Ian Coleman
Gordon D'Silva
Thomas Hackett (Chairman, Review Committee)

Directors' remuneration

None of the Directors received any remuneration from the Company.

Directors' insurance

The Company has purchased insurance against Directors' liability for the benefit of the Directors of the Company.

Corporate Governance Statement

The corporate governance statement on page 6 forms part of this report.

Strategic Report

The company has chosen, in accordance with section 414C(11) of the Companies Act 2006, to set out in the company's strategic report information required by schedule 7 of the large and medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 to be contained in the directors' report. It has done so in respect of its review of financial risk management and future outlook. The company has no direct relationships other than ABS and it relies on ABS to foster business relationships with suppliers, customers and others.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Strategic Report and the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the Directors must not

**RCB Bonds PLC
(formerly Retail Charity Bonds PLC)**

**Directors' Report
for the 6 months ended 28 February 2022**

approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on a going-concern basis, unless it is inappropriate to presume that the company will continue in operation.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors' statement pursuant to the Disclosure and Transparency Rules

Each of the directors, whose names and functions are listed in the principal activities section above confirm that, to the best of each person's knowledge:

- (a) The financial statements, prepared in accordance with United Kingdom Generally Accepted Accounting Practice, give a true and fair view of the assets, liabilities, financial position and profit of the company; and
- (b) The strategic report contained in the Annual Report includes a fair review of the development and performance of the business and the position of the company together with a description of the principal risks and uncertainties that it faces.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the RCB Bonds PLC website.

Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

In accordance with Section 418, each Director in office at the date of the Directors' Report confirms that:

- (a) so far as the Director is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- (b) they have taken all steps that they ought to have taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

1. GENERAL INFORMATION

RCB Bonds PLC is a public limited company limited by shares domiciled in the United Kingdom and registered in England and Wales.

The address of the Company's registered office and principal place of business is shown on page 3.

The Company's principal activities are disclosed in the Directors' Report.

ACCOUNTING POLICIES

Basis of preparation

These condensed financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006, including the provisions of the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest whole £1,000, except where otherwise indicated.

A summary of the more important accounting policies, which have been consistently applied, are set out below:

Going concern

At the time of approving the financial statements the directors have a reasonable expectation that the company will continue in operational existence and be able to meet its liabilities as they fall due for at least 12 months following the approval of the financial statements. The company operates as a special purpose vehicle as explained in the Directors report. The nature of the company is such that it has no employees, requires no fixed assets and minimal reserves as the day to day operations are contracted out to ABS. The arrangements are structured to ensure the company can at least break even. Consequently, the directors continue to adopt the going concern basis of preparation.

Financial instruments

Financial instruments are classified and accounted for according to the substance of the contractual arrangement. The Company considers that all of its financial instruments are "Basic Financial Instruments" and has elected to apply the provisions of Section 11 accordingly.

Basic financial assets, which include amounts owed from related parties and other debtors, accrued income and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest rate method.

Bonds and loans are held at amortised cost using the effective interest rate method. The discount and issue costs of each bond are amortised over the life of the bond to which they relate.

Basic financial liabilities, including trade and other payables and accrued expenses are initially recognised at transaction price and subsequently carried at amortised cost, using the effective interest rate method.

RCB Bonds PLC
(formerly Retail Charity Bonds PLC)
Notes to the Financial Statements
for the 6 months ended 28 February 2022

Taxation

The directors are satisfied that this company meets the definition of a 'securitisation company' as defined by both The Finance Act 2005 and the subsequent secondary legislation and that no incremental unfunded tax liabilities will arise. As a result, no deferred tax amounts are recognised.

Under the powers conferred by the Act, secondary legislation was enacted in 2006 which ensures that, subject to certain conditions being met and an election being made, corporation tax for a 'securitisation company' will be calculated by reference to the profit of the securitisation company required to be retained in accordance with the relevant capital market arrangement.

Bond issuing costs

Costs in respect of the issue of new bonds are deducted from proceeds and amortised to the profit and loss account over the expected life of the bond.

Impairment

The company assesses at each balance sheet date whether there is any objective evidence that a financial asset is impaired. A financial asset or portfolio of financial assets is impaired and an impairment loss incurred if there is objective evidence that an event or events since initial recognition of the asset have adversely affected the amount or timing of future cash flows from the asset.

If there is objective evidence that an impairment loss on a financial asset classified as loans and receivables has been incurred, the company measures the amount of the loss as the difference between the carrying amount of the asset and the present value of estimated future cash flows from the asset discounted at the effective interest rate of the instrument at initial recognition.

Impairment losses are recognised in the statement of comprehensive income and the carrying amount of the financial asset reduced by establishing an allowance for impairment losses and the reduction can be ascribed to an event after the impairment was recognised, the previously recognised loss is reversed by adjusting the allowance. Once an impairment loss has been recognised on a financial asset, interest income is recognised on the carrying amount using the rate of interest at which estimated future cash flows were discounted on measuring impairment.

Turnover

The turnover shown in the statement of comprehensive income represents fees for the arrangement of bond issues, including fees incurred on behalf of borrowers for legal costs, and for the servicing of existing bonds and is recognised by the Company in line with the provision of services, exclusive of Value Added Tax.

Segmental analysis

The whole Company's operations are carried out in the United Kingdom and the results and net assets are derived from notes issued in the United Kingdom, so therefore the directors only report one business and one geographic segment.

RCB Bonds PLC
(formerly Retail Charity Bonds PLC)
Notes to the Financial Statements
for the 6 months ended 28 February 2022

Loans

The loan is a non-derivative financial asset with fixed or determinable repayments and is not quoted in an active market. It is classified as loans and receivables. In accordance with FRS 102 'Financial Instruments: Recognition and Measurement' the Loan is measured at initial recognition at cost, and is subsequently measured at amortised cost using the effective interest rate method. Appropriate allowances for estimated irrecoverable amounts are recognised in the statement of comprehensive income when there is objective evidence that the asset is impaired. The allowance recognised is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the effective interest rate computed at initial recognition.

Interest receivable

Interest receivable represents the amounts receivable as compound interest on the loan advances made and is calculated using the effective interest rate basis.

Interest payable

Interest payable represents the amounts payable as compound interest on the bonds issued and is calculated using the effective interest rate basis.

Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

Debtors and creditors receivable/payable within one year

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price.

CRITICAL ACCOUNTING ESTIMATES AND AREAS OF JUDGEMENT

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical areas of judgement

The Company makes judgements concerning the future.

The key judgement that has a potential risk of causing a material adjustment to the carrying amounts of assets and liabilities is the carrying value of loans receivable of £273,450,000 (2021: £243,508,000).

The directors are satisfied that, because each bond prospectus stipulates that the obligations of the Company to pay amounts due on the Bond are limited to the Charged Assets (as described in note 11), the risk of default by the borrowers is fully borne by the investors in the bonds.

Critical accounting estimates and assumptions

There are no critical accounting estimates and assumptions included within the financial statements.

Bonds to fund loan advances	<u>273,450</u>	<u>243,508</u>
	<u>273,450</u>	<u>243,508</u>

Each bond prospectus stipulates that the obligations of the Company to pay amounts due on the bond are limited to the Charged Assets. Therefore, the risk of default by the borrowers is fully borne by the investors in the bonds.

The borrowings are due as follows:

	At 28 February 2022 £'000	At 28 February 2021 £'000
Due in less than five years	108,860	37,884
Due in more than five years	<u>164,590</u>	<u>205,624</u>
	<u>273,450</u>	<u>243,508</u>

The loans are unsecured (see note 7 and 11 for further details). All are repayable in full at the end of the bond term at the maturity dates shown in note 11. The Company's rights to receive payments from the borrowers under the loans and certain related assets under the issue documents for the bonds are charged as security for the benefit of the investors in each of the bonds.
