FINANCIAL OVERVIEW

In 2021/22, despite the ongoing challenge of the COVID-19 pandemic, Royal Masonic Benevolent Institution Care Company continued to deliver its strategy, whilst planning for a world beyond the pandemic. Our brand new care home in Berkshire is expected to be opened for admissions in September 2022 and the Board has approved an ambitious 20-year vision for the Charity - with a view to streamlining and diversifying the operations in order to increase the support that we provide to our beneficiaries.

Operationally, the number of admissions to our care homes during the year indicated the highest level since pre-COVID-19. However, widespread care staff shortages, regulatory pay increases and soaring energy costs, lead to significant inflationary pressures. For the Charity, this sharp rise in inflation was one of the defining features of the year, impacting our net operating results. Despite this challenging background, and with our determination to provide the best quality care to our residents, a strong set of results were delivered in 2021/22- exceeding our forecast and the budget.

During the financial year, the income from Charitable Activities increased by 4%. The donations through our parent Charity and Infection Control grants amounts to 17% of the total income of £54.3m. As in previous years, payments from Local Authorities towards the care of our supported residents were far lower than the cost of providing high quality care. As a result, the company provided charitable support for residents of £12.4m to cover this shortfall.

Generous donations from Masonic Community of £6.5m, channelled through our parent charity Masonic Charitable Foundation (MCF), strengthened our balance sheet and liquidity position to achieve operational targets and enabled effective service delivery during this period.

In our care homes and throughout the social healthcare sector, complexity in the care needs of residents has been increasing. In addition, ongoing regulatory changes have driven a need for higher staffing levels to ensure provision of safe and high quality care. The industry-wide difficulty in recruiting qualified care staff has also contributed to an increase in the operating costs. As a result of our continual effort to deliver efficiency improvements and operational controls, the cost of providing care during this financial year showed a below inflation increase of 2% to £61m.

The capital investments during the year to improve our care facilities amounted to £6.4m, providing our residents with a pleasant and comfortable living environment. The property improvement cost included the build cost during the year of £4m for our brand new Care home in Berkshire. A further investment of £700k was made on computer hardware, software and equipment to enhance operational efficiency.

The value of the company's investments, inclusive of investment properties and social investments, were £32.4m. The net assets of RMBI Care Company, as at the end of the year was £118m.

In the coming year, progress will be made on new development opportunities. The Board's 20-year Vision Statement for the Charity will inform our plans to invest in new care home developments and confirm our entry into the retirement community market.

RMBI Care Company continues to operate within a challenging social care market. However, we remain committed to continuing to serve our residents by providing high quality care, whilst maintaining a safe working environment for our staff.

Appointment of Trustees

The Charity has adopted the Charity Commission's guidelines for best practice and has amended the selection process accordingly.

Recruitment of Trustees

The Trustees of RMBI Care Co are appointed by the RMBI Care Co Nominations Committee and selected for their skills, experience and status within areas of expertise required by the charity. A review of Charity Governance and an annual skills audit informs any gaps identified. Additional Trustees may be co-opted to the maximum of 12 Trustees.

During 2021/22 a review of the Articles of Association has been undertaken with parent consent from the MCF to lead to submission to the Charity Commission for approval. This will enable up to 15 Trustees at anyone time to be appointed in the future.

In 2021/22 a full review of the Charity Commission Governance Codes and framework has been undertaken with an agreed action plan approved by the Board to address any specific gaps. Section 6 relating to Equality, Diversity, and Inclusion has been highlighted as a key area with a Trustee working group established to make recommendations for the Charity.

Succession Planning

One third of Trustees stand down each year and can be re-elected for a further term of three years for three cycles up to nine years. Evaluation of the Trustee experience is carried out annually to ensure assessment and review of role.

Induction and Training of Trustees

New Trustees and Co-opted Members receive a full induction and information on the role requirements and key information on the organisation. Training modules have been introduced through e-learning for all Trustees to undertake, with GDPR and Diversity and Equality Training identified as mandatory. In addition, Trustees receive Safeguarding training from an external training professional.

Remuneration of Executive Management

The Charity's policy is to reward Executive Management according to their expertise and experience. The Executive Management's benefit package comprises of a basic salary, pension contribution, car allowance or company car and the option of private health provision.

Basic salaries are reviewed annually against the charity sector as well as the wider professional market and information is presented to the RMBI Managing Director and Chairman for their consideration and then by the RMBI Care Co Remuneration Committee. No member of the Executive Management is able to make a decision on their own pay.

Governance Structure and Management

The Royal Masonic Benevolent Institution Care Co is a company limited by guarantee, having no share capital. It is governed by Memorandum and Articles of Association.

Objects

The Objects of the Charity are to relieve the need, suffering and distress of the Beneficiaries and for that purpose:

- (a) To support Beneficiaries who are in need of financial assistance from the Charity;
- (b) To provide Beneficiaries with accommodation in residential care facilities or sheltered accommodation and make available such care as may be required; and
- (c) To provide such other benefits to Beneficiaries as the Trustees shall from time to time think fit.

The Objects of the Charity are under review to enable submission for approval to the Charity Commission in 2022/23 with a recommendation to extent the definition of need and offering of accommodation.

The prime objective of the Charity remains the running of fifteen care homes, one learning and or/physical disability service in England and two care homes in Wales, and financially supporting those who are unable to pay for the full cost of care.

The Charity has a multi-tier structure with each of the Directors responsible for the management and setting of objectives for their teams informed by the annual Corporate Plan.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

Trustees

The Trustees as Charity Trustees and Directors under the Companies Act have control of the Charity and its property and funds.

Decision Making

The Strategic Direction of the RMBI Care Co is set by the Board of Trustees who meet bi-monthly. The delivery of the Board approved Corporate Plan rests with the Senior Leadership Team (SLT), which includes the safe delivery of care and the meeting of agreed budget requirements. Full and detailed reports by the Executive are presented bi-monthly to the Board on progress made against key strategic and operational targets. The SLT meet bi-weekly to review and manage all aspects of the business delivery.

Risk Management

A Corporate Risk Register is overseen by the Managing Director and Senior Leadership Team (SLT) with departmental registers in situ and quarterly reviewed. This is monitored by each Committee, with headline risks reported to the RMBI Care Co Board. Clear policy and procedures are in place for the management of all tenders and procurement against agreed standards.

All 18 care homes are regulated and inspected by the CQC in England and CIW in Wales with published reports in the public domain. The RMBI Care Co also undertakes its own internal inspections for care, health & safety, property, and employment matters. Each care home has in place a Continuous Improvement Plan (CIP) which is informed by external and internal inspection. A strong and robust set of regulatory outcomes were achieved during the year, placing the RMBI Care Co in the top quartile of Care Home Providers.

Governance and Committee Structure

Five Committees are constituted, each reporting to the RMBI Care Company Board.

Each Committee meets on at least a quarterly basis (supported by the relevant lead Director), with each Chair reporting back to the main Board on key matters.

Each Committee has its own dashboard to highlight key performance indicators which, in turn, are reported to the main Board.

Corporate Financial Management

The Charity has four subsidiaries: RMBI Trading Ltd, Stability Investments Ltd, RMBI (Settlement) Limited and 19/21 GQS Limited whose boards contain Trustees that serve on the RMBI Care Company Board and Senior Leadership Team members.

- RMBI Trading Ltd – a design and build Project Management Company established to develop all our new build properties.
- Stability Investments Ltd – Established for the development of one of the Charity's properties.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

- RMBI (Settlement) Limited – Established in August 2017 to purchase welfare services, i.e. for the provision of residential and other care, from Local Authorities, Government Departments and other agencies.
- 19/21 GQS Limited – Established in January 2019 to manage and operate properties.

Indemnity Insurance

Indemnity Insurance is in place for Trustees under the umbrella policy of the MCF.

Objectives and Activities

Mission

The RMBI Care Co provides residential, dementia, respite and nursing care across 17 locations for older people and younger learning and or/physical disability services at one location with a combined total of 1,106 placements. Our mission is to provide unique individual care, with kindness, support and trust helping deliver a service that we can all be proud of in making a real difference to people's everyday lives.

Achievements

The Charity has responded robustly and ensured the safe management of services during the pandemic. All Care Homes as of the 31 March 2022 are in recovery from the impact of Covid-19 with each Home Manager receiving a British Citizen Honours Award for their services during the crisis.

In 2021, we were shortlisted for the HR Excellence Awards, in recognition of our Crisis Management Strategy and support for staff through our Health and Wellbeing Strategy. We continue to strive to be an employer of choice, embodying our values: Kind, Supportive and Trusted.

Carehome.co.uk recognised us as a 'Top 20 Mid-size Care Home Group' for the fifth year running, and Albert Edward Prince of Wales Court, in Porthcawl, was identified as a 'Top 20 Care Home' in Wales. The awards are based on reviews submitted by residents and their families. Achieving such standards during a pandemic is all the more remarkable; it is a strong reflection of how we support those that live and work in our Homes.

Our staff continue to wear Personal Protective Equipment (PPE) and testing remains in place for all visitors. Our Homes have retained strong regulatory ratings, and they passed all infection control inspections during the pandemic due to our robust internal audit and governance procedures.

547 new residents moved into our Homes in 2021, which is a higher rate than what we saw in 2019, pre Covid-19. This demonstrates the ongoing demand for our services, especially our nursing care and dementia support services.

The Board and Executive Team have agreed an ambitious 20-year vision for our charity. Over time, this will see an increase in the support that we are able to provide to our beneficiaries. This includes new build developments, like our first care home in over a decade, which opens later this year in Berkshire.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

Care and safety

In time, we will look back on the pandemic and remember the stories of our residents and staff, and the lasting impact the experience has had on each of our lives.

Retaining an older persons charity within the 'storms' of a pandemic, often with a lack of clarity in guidance from the Government and statutory agencies, has perhaps been the biggest achievement for RMBI Care Co. A Covid-19 review group, which consisted of specialist managers, formed early to ensure the health and safety of our residents and staff.

Our commitment to purchase PPE in excess of £1m remains one of the most important actions taken to protect our staff, ensuring plentiful supplies were available at the beginning of the pandemic. Our innovative Property Team, who created visitor pods in every care home, enabled us to support family visits throughout the past year. We also shared regular communications with residents and families to update on the changing Government guidance and how it affected them.

Maintaining strong communications with our staff was just as crucial to give assurance and to address any concerns. We created a monthly digital newsletter for staff called 'Keeping Strong Together,' which included a personal message from our Managing Director. Purchasing Zoom, an online conferencing platform, prior to the pandemic, also helped inspire our teams to find new ways to stay connected.

Respecting the rights of families to visit loved ones is always a key priority; however, we faced many tough decisions, including restrictions imposed by public health agencies under Government guidance. We worked closely with local health authorities to ensure minimal disruption to family visits, whilst keeping our residents and their relatives informed.

Over the last two years, all our Homes have experienced cases of Covid-19, occurring in three distinct waves. The initial 'Alpha' wave affected our northern Homes, the 'Delta' wave was experienced more in the south, and the most recent 'Omicron' wave was widespread. With great regret and sadness, 115 residents passed away with Covid-19 during this two-year period. Over 1,000 staff members, about 66% of our workforce, also tested positive, and we are pleased to say they all recovered. These are extraordinary statistics and very much in line with what the wider social care sector experienced.

Fortunately, we were able to benefit from various Government grants, totalling around £3m. We responded to the mandating of vaccinations for social care staff and succeeded in retaining most of our workforce. Our staff received a financial bonus to recognise how they went beyond the extra mile, and we now have a greater understanding of the importance of mental health and wellbeing for both our residents and our staff.

We have seen the charity emerge as a more dynamic and inclusive provider of residential, nursing and residential dementia care, with a well skilled workforce who are more resilient for their shared experience.

RMBI Care Co. continues to operate within a challenging social care market. The demand for our services remains strong, and we continue to focus our care and support by living our values and helping to make a positive difference to our residents' lives.

Beneficiaries and Public Benefit

The Charity takes great care to ensure that applications for residence in the care homes are considered fairly and without prejudice: based on actual assessed need and a new dependency tool. The majority of admission decisions are made and applied by individual Home Managers. Only exceptional cases relating to financial hardship are referred to Trustees for approval. Up to

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

30% of all placements are for non-freemasons, reflecting the diversity and added value to the wider community of our services.

The services provided are available to those with financial means or limited financial resources. The RMBI Care Co complies with the Charging for Residential Accommodation Guide (CRAG) issued by the Department of Health. The resident numbers are split broadly 60:40 into those who are self-funding and those who are placed and funded by Local Authorities.

Activities

The primary activity is the provision of 1,106 registered beds for residential, dementia and nursing care in the 17 Homes throughout England and Wales and 1 Home for people with a physical and or learning disability. The Charity employs around 1,500 staff to meet support and care needs.

Non-Operational Properties

In addition, the Charity runs approximately 64 non-operational properties, including some sheltered units for those who seek independence with minimal care provided.

The charity holds the freehold of 19/20 Great Queen Street, which were the former head offices. Through a Special Purpose Vehicle with Latis Homes, the Stability Investment Limited, a subsidiary, was established to build four apartments for sale and the offer of a leasehold shop front. Walker Slater remain the leasehold shop front at 19 Great Queen Street, with one apartment sold and the three remaining to be marketed for sale in 2021/22.

Impact Report

The Charity publishes an annual Impact Report, which is available on our website.

Key Performance Indicators (KPIs)

Dashboard KPIs across all the RMBI Care Co services have been introduced as a means for the Board to monitor progress in all key areas of the business. Overarching dashboards for Operations, HR, Finance and Property are in place, including health & safety requirements and monitoring. Monthly Performance Targets on Occupancy and Staff Spend are set with monthly KPI targets.

Valuing Our Staff

The culture and values of the charity remain underlined by the core values of being Kind, Supportive and Trusted.

All Directors ensure they have regular team meetings to provide their functional teams with an understanding of our financial performance and strategic business plans. In addition to this, there are a number of internal communication approaches including bi-monthly virtual staff newsletter, which includes key updates from the Managing Director.

There are two staff forums both chaired by the HR Director, meeting at least twice a year. The one for our Homes based staff is a group of nominated individuals from all locations representing colleagues, and is attended by members of the senior management team as well as the Managing Director and Care Operations Director. The staff forum receives business updates including information on the Charity's performance, sector comparisons, projects and other initiatives. The majority of the meeting is to listen to the staff representatives and receive their views, questions and suggestions. Our Head Office and National roles have a joint staff forum with colleagues from our Parent Charity, the Masonic Charitable Foundation, which is structured in the same way.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

Bi-annually we issue an Employee Engagement Survey to gain views and comments from our staff on their views of working for the Charity. The last survey was launched in 2019 and we were pleased to receive scores that reflect high engagement and in comparison to our sector scores that were above the median quartile and in some areas at the upper quartile level. In 2021 this objective was missed due to covid-19.

At Home level our Regional Operations Managers and HR Business Partners offer the opportunity for staff to meet them and discuss matters that are important to them via staff surgeries. Each Home Manager holds regular Staff Meetings to provide their teams with local home updates as well as gaining staff views.

Since 2014, we have had an employee recognition scheme in place called OSKAR which stands for "Outstanding Service Kindness and Respect". Nominations are received from management, staff, relatives and residents where they explain the reason for nominating an individual and how they have demonstrated the principle of the award. These are reviewed each month by the Directors, who vote for a winner, who then receives a monetary reward. Each of the monthly winners are then reviewed to determine the annual winner, this individual also receives a monetary reward from the Charity in recognition of his/her outstanding contribution.

All employees receive an Employee Assistance Programme, which provides them with access to a range of health and wellbeing platforms, counselling support and discounts to a range of UK retailers.

Relationship with Suppliers and Contractors

Building strong relationships with suppliers and contractors enables the Charity to maximise the provision of services to our residents. Our Procurement, Development and Care Operation teams closely co-ordinate with the supply chain and develop deeper and strategic relationship with key suppliers and contractors.

Our suppliers and contractors are part of the Charity's strategic decision-making process with regard to procurement and new build projects. We share insight into what our current and future residents want and our partnership with contractors and suppliers delivers success through value creation ensuring new services incorporate best practice, are fit for purpose, and as far as is practicable are future proofed.

The Charity ensures that the main suppliers and contractors are certified, IR35 compliant, having gone through a rigorous vetting process including quality, financial, sustainability and modern slavery checks in order to ensure that the right products and services are delivered to our care homes. The payment to suppliers and contractor are made well within the agreed credit terms.

Association of Friends and Volunteers

The Charity owes a great deal of debt and gratitude to the tremendous support and work of volunteers and the links each Home has with Associations of Friends. A big thank you is required to each and every one of the Freemasons and their families, who are members of the Associations of Friends who work very closely with our care homes throughout England and Wales. In more ways than it is possible to express here, each member provided comfort and reassurance to our residents; particularly those with minimal or no contact with relatives. The principal link with volunteers remains Doctor John Reuther, ably assisted by his wife Maggie. Thanks are due to both for their continued efforts throughout the year.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

Freemasonry Support

Acknowledgements and thanks are made to the wider support received from the freemasonry community in England and Wales. Through our parent company the Masonic Care Foundation (MCF), grant support is received annually to support freemasons and their dependents placed in our Homes and funded by Local Authority fees.

Special thanks in 2021/22 are made to the Provinces of Northumberland and South Wales who concluded Festival's in support of the Charity.

Sharing Best Practice

At a national level, the RMBI Care Co continued to work closely with regulatory and representative bodies to ensure full awareness of all the latest developments in the sector. Links with research bodies exploring latest thinking in dementia care and the advent of digital technologies are being pursued (including the introduction of hand-held smart phone technology for care workers). Through our trade associations, Care England and ARCO the RMBI Care Co keeps up to date with current policy and thinking in the social care and retirement community sectors.

Plans for the Future – Vision Statement until 2046

During 2021/22 the Board and Executive have agreed a Vision for the Charities next twenty years which will see an investment in new Care Homes as some of our existing portfolio requires replacing, a decision to enter the retirement community market with our first build, and for the first time a pilot project in the North-West to offer grant support to our Beneficiaries to purchase care in a Care Home of their choice.

In 2022/23, the Charity will be looking to raise investment via a Retail Charity Bond to fund the next steps of our development plans.

Donations and Fundraising

Every pound donated to the RMBI Care Co goes towards looking after the people who use our services. Additionally, we cannot forget staff members in the Homes who continue to do a fantastic job supporting the RMBI Care Co through organising various fundraising activities, demonstrating that every penny really does count.

Legacy Gifts

Legacy gifts contribute a significant amount to our charitable income and are gratefully received.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

Investment Performance

The parent charity, Masonic Charitable Foundation (MCF), global investment strategy seeks to protect the capital value of investments that are required to fund operations for a two-year time horizon (the “Cash Reserve”) and to invest all remaining funds for long term growth, on a total return basis, with an overall objective of making a return of RPI plus 3% net of all expenses.

The Cash Reserve is provided by Royal London Asset Management and utilises three of their funds, which provide a mix of instruments, including cash instruments, Treasury Bills, covered (secured) bonds, corporate bonds, Supranationals and mortgage-backed securities.

The performance objectives of the three funds are:

- Short Term Money Market Fund: SONIA
- Cash Plus Fund: SONIA plus 0.50% gross of fees
- Enhanced Cash Plus Fund: SONIA plus 1.00% gross of fees

The Charity sponsored the launch of the Masonic Charitable Foundation Investment Fund CAIF, which took place on 1st October 2018. This is a unit trust with a highly efficient tax wrapper in which the MCF and all its subsidiary charities own their shares in the form of units. Units will be sold as required in order to top up the Cash Reserve on a quarterly basis. The investment strategy is directed for “Steady Growth”, which is a medium-high risk strategy. Risk is managed through diversification, with the funds split between four different fund managers operating on multi asset mandates but utilising differing investment management styles. The overall fund manager is Thesis Unit Trust Management Limited and the custodian in Northern Trust.

The asset allocation for the CAIF was amended on 1st April 2019 by the investment committee following advice from Asset Risk Consultants. The strategic and actual asset allocations as at 31st March 2022 are shown in the following table:

Asset Class	Strategic Allocation	Benchmark	Actual 31 st March 2022
Cash	0.00%	SONIA	3.20%
Fixed Income	7.50%	FTSE UK World Gov. Bond Index GBP	4.40%

3 year peer group	22.40%	N/A	N/A	N/A	22.40%

The CAIF has continued to perform strongly during the year, hitting a peak of just over £133.00 per unit at 31st December. It fell back in the final quarter due to geopolitical and inflationary concerns, but received strongly in the latter part of March. As at 31st March 2022, the CAIF was valued at £129.73 per unit.

Streamline Energy and Carbon Reporting

The following table summarises the RMBI Care Company (RMBICC) reporting requirements under the Government's Streamlined Energy and Carbon Reporting (SECR).

UK Greenhouse gas emissions and energy use data for the period 1 April 2021 to 31 March 2022	Current Year 2021/22	Previous year 2020/21	Units
Energy Consumption used to calculate emissions	27,110,152	27,465,824	kWh

Intensity Ratio	4.85	4.76	tCO ₂ e/FTE

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

Methodology

We have followed the 2019 HM Government Environmental Reporting Guidelines. We have also used the GHG Reporting Protocol – Corporate Standard and have used 2021 UK Government's Conversion Factors for Company Reporting.

Like last year, the energy data for (3 flats for 20 Great Queen Street) was not provided and for 2021/22 this has been estimated. In addition, some of the grey fleet fuel types were not provided and approximately 3,743 business travel miles have been converted using 'Unknown' as the fuel type. The same applies to the type of car, with 'Average Car' type being used.

Intensity ratio

The chosen intensity measurement ratio is total gross emissions in metric tonnes CO₂e per full time equivalent (FTE) employee. During 2021/2022 the number of FTE for RMBI was 1,060.

Energy efficiency Actions

Since March 2019, RMBI has been working with Lantern (UK) Ltd as their trusted sustainability partner. Our sustainability strategy was adopted and signed by the Board of Trustees in April 2022 and it is available upon request.

Our overall emissions for 2021-22 slightly decreased compared to the previous year, and this is mainly due to a slight reduction of energy use (electricity, gas and generator fuel) across our estate. However, we have noticed the increased mileage on our business travel (grey fleet) linked to the end of Covid-19 work travel restrictions. The use of fuel for our generators is once again estimated based on the number of hours per year the generators are turned on for testing.

Over this reporting year, we have fitted one of our care homes (Cadogan Court) with thermostatic radiator valves (TRVs) to ensure that radiators can be turned down and used as and when needed. We have also replaced the calorifier in Cornwallis Court with the aim of reducing the energy used for hot water provision.

For 2022/23, we hope to work towards understating our water consumption and including more Scope 3 emissions as part of our SECR submissions. We also want to improve our measuring and monitoring of environmental impacts, especially relating to our fleet and business travel.

Section 172 (1) Statement

As outlined under various sections of this report, the Trustees of the Charity are well aware of their duty under section 172 of the Companies Act 2006 to act in the way which they consider, in good faith, would be most likely to provide the success of the Charity for the benefit of its members as a whole and, in doing so, to have regard (among other matters) to:

- the likely consequence of any decision in the long term,
- the interest of its employees,
- the need to foster the business relationship with suppliers, residents and their families and others,
- the impact of the operations on the community and the environment,
- the desirability of maintaining a reputation for high standards of business conduct, and
- the need to act fairly as between members of the Charity.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

Financial Review

The summary Statement of Financial Activities for the year ended 31 March 2022 is set out below.

Income

The total incoming resources amounted to £54.3m (2020/21: £58.1m). The major streams of income are detailed below:

Streams of income	2021/22 £m	% of income	2020/21 £m
Income from Residents' Fees	43.8	81%	42.1
Donations, Legacies and Grants	9.4	17%	14.6
Investment & Other Income	1.1	2%	1.4
Total	54.3	100%	58.1

A total of £120k (2020/21: £126k) was spent in generating donations and investment income.

Resources Expended

Operating expenditure for the year amounted to £60.3m (2020/21: £58.8m) whilst the Governance costs amounted to £0.8m (2020/21: £0.7m).

In our care homes and throughout the social healthcare sector, complexity in the care needs of residents has been increasing. In addition, ongoing regulatory changes have driven a need for higher staffing levels to ensure provision of safe and high quality care. The industry-wide difficulty in recruiting qualified care staff has also contributed to an increase in the operating costs. As a result of our continual effort to deliver efficiency improvements and operational controls, the cost of providing care during this financial year showed a below inflation increase of 2% to £61m.

Net Operating Position

Net operating deficit of the RMBI Care Co amounted to £4.65 million (2020/21; surplus of £3.7m). In addition, the actuarial gain on the defined benefit pension scheme amounted to £1.87m (2020/21: £0.07m).

The overall net movement in funds for the year was an outflow of £2.7 million (2020/21; inflow of £3.8m).

Capital Development

During 2021/22 £6.4 million (2020/21: £6.8m) was spent on capital programmes.

The significant project expenditures during the year were:

- New build project (Lord Harris Court): £3.73m
- Queen Elizabeth Court – Building refurbishment/Improvements: £0.52m
- Cornwallis Court - Building refurbishment/Improvements: £0.41m
- Prince George Duke of Kent Court - Building refurbishment/Improvements: £0.28m
- Albert Edward Prince of Wales Court - Building refurbishment/Improvements: £0.12

In addition, £0.7 million was invested on computers and equipment to enhance operational efficiency.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

COVID-19 and the Post Balance Sheet Impact:

In 2021/22, despite the ongoing challenge of the COVID-19 pandemic, Charity continued to deliver its strategy, whilst planning for a world beyond the pandemic. During the financial year, the income from Charitable Activities increased by 4%. The donations through our parent Charity and Infection Control grants amounts to 17% of the total income of £54.3m. In our care homes and throughout the social healthcare sector, complexity in the care needs of residents has been increasing. In addition, ongoing regulatory changes have driven a need for higher staffing levels to ensure provision of safe and high quality care. The industry-wide difficulty in recruiting qualified care staff has also contributed to an increase in the operating costs. As a result of our continual effort to deliver efficiency improvements and operational controls, the cost of providing care during this financial year showed a below inflation increase of 2% to £61m.

The Trustees have evaluated the impact of the pandemic on the operations of the charity, which is to provide residential care, nursing care and residential dementia support to older Freemasons, their families and people in the wider community.

The Trustees do not consider there to be any going concern issues and for this reason the financial statements have been prepared on a going concern basis.

Principal Risks and Mitigation

The principal risks identified and agreed actions to mitigate are shown in the following table:

	Risk	Consequence	Mitigation - Likelihood	Mitigation - Impact
1	Recession and significant increase in inflation	Costs substantially outstrip income and supply chains consequences.	Fixed term deals on utilities, early move to market to borrow on fixed rates, contingency to up local wages on business case validation, retention of reserves, and pace of development monitored and relatives. Pre-screening processes to monitor Home staff and visitors as appropriate.	Aligning fee increases to remain competitive against costs. Global and National situation to monitor with many events beyond control.
2	Government Legislation – Build Back Better	Significant disruption to the sector with high level of Home Closures operating in a new system which is financially unfunded	2-year period to review the detail and implementation model. Ability to focus on greater number of private placements.	Unknown at this juncture. Local Authorities’ will look to offer a Fair Price of Care with families to top up – Many providers believe families will look to purchase care regardless of any capping.
3	Pandemic and / or Epidemic Outbreak	Rapid transmission of illness / physical impacts. Significant reduction in operational staff, business critical partners and external	Continuity Plan Group (CPG) to manage, monitor and regularly review response to pandemic outbreak. Response protocols, Contingency Plans and Business Continuity Plan to	Safe internal and external visiting spaces for residents and relatives. Pre-screening processes to monitor Home staff and visitors as appropriate.

			rolling contract remains in place with 24-month- notice to either side.	PRISM external Auditors appointed to undertake audit and review of cyber security risks
--	--	--	---	---

Tangible Fixed Assets

The Charity's tangible fixed assets consist of freehold and leasehold land and buildings, vehicles, furniture and equipment. Land and buildings are shown at the original cost to the Charity less depreciation, whilst investment property was valued at open market rates.

In the opinion of the Directors, if the properties were to be sold the total realisable sale values are likely to exceed the net book value indicated in the accounts.

Investment Policy

The parent charity, Masonic Charitable Foundation (MCF), sponsored the launch of the Masonic Charitable Foundation Investment Fund CAIF, which took place on 1st October 2018. This is a unit trust with a highly efficient tax wrapper in which the MCF and all its subsidiary charities own their shares in the form of units. Units will be sold as required in order to top up the Cash Reserve on a quarterly basis.

The investment strategy is directed for "Steady Growth", which is a medium-high risk strategy. Risk is managed through diversification, with the funds split between four different fund managers operating on multi asset mandates but utilising differing investment management styles. The overall fund manager is Thesis Unit Trust Management Limited and the custodian in Northern Trust.

The asset allocation for the CAIF was amended on 1st April 2019 by the investment committee following advice from Asset Risk Consultants.

The global investment strategy seeks to protect the capital value of investments that are required to fund operations for a two-year time horizon (the "Cash Reserve") and to invest all remaining funds for long term growth, on a total return basis, with an overall objective of making a return of RPI plus 3% net of all expenses.

The Cash Reserve is provided by Royal London Asset Management ("RLAM") and utilises three of their funds, which provide a mix of instruments, including cash instruments, Treasury Bills, covered (secured) bonds, corporate bonds, Supranational and mortgage-backed securities.

The performance objectives of the three funds are:

- Short Term Money Market Fund: SONIA
- Cash Plus Fund: SONIA plus 0.50% gross of fees
- Enhanced Cash Plus Fund: SONIA plus 1.00% gross of fees

Reserves Policy

The Directors reviewed the reserves policy on a regular basis. The funds available to the RMBC Care Company were created over many years and the income derived from the investment portfolio is an important element in securing the longer-term operating and capital expenditure requirements of the Charity.

Group unrestricted reserves (after taking into account the pension scheme surplus) amounted to £113.5m (2020/21: £115.9m), of which the Trustees designated £67.2m (2020/21: £68.1m) in the

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

Fixed Asset and New Building Funds. This leaves undesignated reserves of £42.3m (2020/21: £45.8m), which is equivalent to approximately 9-month charitable expenditure.

The residual funds are adequate to meet the ongoing operational requirements of the Charity.

Subsidiary Funds and Connected Charities

The Charity administers a range of “Restricted” and “Endowment” funds as detailed in Note 15, with a total value of £4.4m (2020/21: £4.7m).

The Charity was also represented on the Boards of RMBI Trading Ltd, Stability Investments Ltd (project development), RMBI Settlement Ltd (purchase welfare services) and 19/21 GQS Limited (property operations).

Statement of Trustees Responsibilities

The Trustees (who are also the Directors of Royal Masonic Benevolent Institution Care Company for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the charitable company and the group and of the incoming resources and application of resources, including the income and expenditure of the group for that period. In preparing those financial statements, the Trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles in the Charity SORP;
- Make judgements and estimates that are reasonable and prudent;
- State whether UK Accounting Standards have been followed subject to any material departures disclosed and explained in the Financial Statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that a charitable company will continue in business.

The Trustees are responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position of the charitable company and the group and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Insofar as the Trustees are aware:

- There is no relevant audit information of which the charitable company's auditors are unaware; and
- The Trustees have taken all steps they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are also aware of that information.

Auditors

The auditors, Knox Cropper LLP, have expressed their willingness to continue in office for the following year.

Acknowledgements

The Directors wish to extend their thanks to all the supporters, friends and staff of the RMBI Care Co who have sustained its work by their interest and generosity.

On behalf of our Chairman, I would like to thank my fellow Directors for the significant amount of time, energy and expertise they give to the RMBI Care Co. Their contribution makes a huge difference and helps to ensure that we remain one of the leading care providers in the not-for-profit sector and a provider of choice amongst the Masonic Community.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

**REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY**

Opinion

We have audited the financial statements of Royal Masonic Benevolent Institution Care Company (the 'charitable company') and its subsidiaries ('the group') for the year ended 31 March 2022 which comprise the consolidated statement of financial activities, the consolidated and charitable company's balance sheet, the consolidated statement of cash flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the group's and the charitable company's affairs as at 31 March 2022 and of the group's income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The Trustees are responsible for the other information.

**REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY**

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Trustees' report, which includes the Directors' report and the strategic report prepared for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the Directors' report included within the Trustees' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the Directors' report included within the Trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement in the Trustees' Report, the Trustees (who are also the Directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the group's and parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- The charitable company is required to comply with both company law and charity law and, based on our knowledge of its activities, we identified the legal requirements to comply with this legislation including the requirement to correctly account for restricted funds. The charity is also required to comply with the Health and Social Care Act and the regulations issued thereunder and compliance with the standards issued by the Care Quality Commission is a key issue.
- We gained an understanding of how the charitable company complied with its legal and regulatory framework, including the requirement to properly account for restricted funds and to comply with the care quality standards, through discussions with management and a review of the documented policies, procedures and controls.
- The audit team, which is experienced in the audit of charities, considered the charitable company's susceptibility to material misstatement and how fraud may occur. Our considerations included the risk of management override.
- Our approach was to check that restricted income was properly identified and separately accounted for and to ensure that only valid and appropriate expenditure was charged to restricted funds. This included reviewing journal adjustments and unusual transactions. We also reviewed reports and ratings published for each care home for the most recent Care Quality Commission inspections to ensure that there were no cases of non-compliance.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <https://www.frc.org.uk/auditors/audit-assurance/auditor-s-responsibilities-for-the-audit-of-the-fi/description-of-the-auditor%E2%80%99s-responsibilities-for> . This description forms part of our auditor's report.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY
ANNUAL REPORT AND FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2022

**REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF
THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY**

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken, so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose.

To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report or for the opinions we have formed.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY

(Charity no. 1163245, Company no. 1293566)

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH 2022

1. ACCOUNTING POLICIES

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

- (a) The Financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019) – (Charities SORP (FRS102), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) and the Companies Act 2006.

Royal Masonic Benevolent Institution Care Company meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

- (b.1) The Trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern. The most significant areas of adjustment and key assumptions that affect items in the accounts are to do with the defined benefit pension scheme. The surplus on the scheme is determined by actuarial valuation. This involves making assumptions about discount rates, mortality rates etc. Due to the complexity of the valuation, the underline assumptions and long term nature of these schemes, the estimates are subject to uncertainty. Assumptions are based on the recommendations of the actuary.

- (b.2) Government grants from government agencies and similar bodies are recognised in the Statement of Financial Activities (SOFA) on a systematic basis over the period in which the Charity recognises expenses for the related costs for which grants are intended to compensate. The grant that imposes specified future performance-related conditions on the recipient is recognised in income only when the performance-related conditions are met. Grants received before the revenue recognition criteria are satisfied are recognised as a liability.

- (c) Income

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably.

For legacies, entitlement is taken as the earlier of the date on which either: the charity is aware that probate has been granted, the estate has been finalised and notification has been made by the executor(s) to the charity that as a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the charity has been notified of the executors intention to make a distribution. Where legacies have been notified to the charity, or the charity is aware of the granting of probate, and the criteria for income recognition have not been met, then the legacy is treated as a contingent asset and disclosed if material.

- (d) Expenditure and Irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Expenditure on raising funds, which comprises the cost of investment management fees and fundraising costs.
- Expenditure on charitable activities includes, principally, cost of running Care Homes of the charity.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY

(Charity no. 1163245, Company no. 1293566)

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH 2022

1. ACCOUNTING POLICIES (CONTINUED)

(e) Funds accounting

Funds held by the Institution are:

- 1 Unrestricted funds - these are funds which can be used in accordance with the charitable objects at the discretion of the Trustees.
- 2 Designated funds - these are funds set aside by the Trustees out of unrestricted general funds for specific future purposes or projects and are as follows (See note 14):

Fixed asset fund - To finance capital expenditure on properties and equipment.

New building fund - Amounts set aside to meet authorised future capital expenditure on the purchase, construction and equipping of new Homes and general improvements to existing Homes.

- 3 Restricted funds - these are funds that can only be used for particular restricted purposes within the objects of the Institution. Restrictions arise when specified by the donor or when funds are raised for particular purposes. Further explanations of the nature and purpose are included in note 15 and 16 to the accounts.

Victor Donaldson Fund is a restricted fund, loans from this fund have been classified as a Social Investment, as the loans are to provide financial assistance to its beneficiaries. Note 11 discloses movements in the outstanding loan balance. Interest is recognised on the redemption of the loan and is shown in note 2 to the account.

(f) Investments

Investments are stated at market value at the balance sheet date. Realised and unrealised gains and losses are credited / charged to the Statement of Financial Activities on the valuations and disposals throughout the financial period.

(g) Apportionment of support costs:

Support costs have not been apportioned between unrestricted, restricted and endowment funds.

(h) Consolidation:

The RMBICC owns 100% of authorised and issued ordinary share capital of RMBI Trading Limited, RMBI (Settlement) Limited, 19/21 GQS Limited and of Stability Investments Limited. The financial results of these companies have been consolidated. Advantage has been taken of the exemption afforded by section 408 of the Companies act 2006 not to present a separate Income and Expenditure account for the Charity.

(i) Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

(j) Cash at Bank and in Hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar accounts.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY

(Charity no. 1163245, Company no. 1293566)

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH 2022

1. ACCOUNTING POLICIES (CONTINUED)

(k) Creditors and Provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

(l) Financial Instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

(m) Depreciation:

Tangible fixed assets have been capitalised at cost or acquisition value and where assets have been donated, at their value at date of receipt.

In line with the revised FRS102, depreciation for freehold and leasehold properties (with a lease life of more than 50 years) have been provided on a straight line basis at rates between 2% to 10%, depending on its useful economic life of the component parts of properties.

Depreciation for Motor vehicles and Computers & equipment are depreciated on a straight line basis at a rate of 25% per annum. Furniture and equipment are depreciated at rates between 5% to 20% on a straight line basis for items which exceed £10,000 in value, individually or for groups of related assets.

(n) Pension costs:

The Charity contributes to a defined benefits scheme which was closed to new entrants on 4th September 1996. This scheme was closed on 30 September 2010 and all existing employees were transferred to the Group Personal Pension Scheme.

As the scheme is closed, and no further benefits are accruing to members, there is no current or past service costs charged in resources expended. The interest cost and the interest income are shown as a net amount of other finance costs or credits adjacent to interest. Actuarial gains and losses are recognised immediately in 'Other recognised gains and losses'.

The defined benefit scheme is funded, with the assets of the scheme held separately from those of the Charity, in a separate Trustee administered fund. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent currency and term to the scheme liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The resulting defined benefit asset or liability, net of the related deferred tax, is presented separately after other net assets on the face of the balance sheet.

For the defined contribution scheme the amount charged to the Statement of Financial Activities in respect of pension costs and other post retirement benefits is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

15. RESTRICTED FUNDS (CONTINUED)

	<u>Purpose</u>
<u>Victor Donaldson Fund:</u>	To advance secured loans to Beneficiaries to enhance their quality of life.
<u>Specific gifts, donations and legacies for the Homes:</u>	For the specific use of the Homes towards costs of improving facilities for the benefit of the residents.
<u>Prince Edward Duke of Kent Court, Essex:</u>	Donation by Mark Master Masons for the development of the Thomas Were Howard House Group.
<u>L H Miles:</u>	Funds received from the Estate of the late W. Bro. Leslie Hugh Miles, PPJGW (Essex), to be used for the sole benefit of the residents of Prince Edward Duke of Kent Court, Stinstead Hall, Braintree, Essex.
<u>Hoists & Disability Aids - Samaritans Fund</u>	Donation from Masonic Samaritans Fund for hoists & disability aids
<u>Good Neighbour Fund:</u>	To assist towards Annuitants' holiday costs and make discretionary grants.
<u>Friends of R M B I :</u>	To contribute, from its fund raising ball held each year, towards Annuitants' holiday costs.
<u>N.H. Fowler:</u>	Use of income specifically for Connaught Court, York, towards the cost of improving facilities for the benefit of its residents.
<u>Royal Arch holidays:</u>	To contribute towards the cost of an annual holiday to Malta for certain Annuitants and residents.
<u>Jubilee Masters Nurse Training Scheme:</u>	To assist with costs towards nurse training.
<u>Dementia Support Fund</u>	Donation from Grand Stewards Lodge towards Dementia Support program.
<u>Other:</u>	Various funds consist of amounts under £3k with varying purposes.

16. ENDOWMENT FUNDS FOR RMBICC AND THE GROUP

The Institution had 22 permanent endowments for varying purposes within its charitable objectives. The three largest of these funds are the Cooper and Bull fund, £81k (2021:£81k), the Edith and Elsie Wing, £52k (2021:£51k) and the Ames Bequest £41k (2021:£41k). None of the other funds has a significant balance and, therefore, these funds have not been listed separately. During the year, 21 Endowment funds, apart from Cooper and Bull funds, were transferred to Unrestricted Fund, having received permission from the Charity Commission.

The purpose of the Cooper and Bull fund is to provide income towards the costs of the nurse training scheme and the purpose of the remaining permanent endowments is to provide income for the Homes and general use by the Institution.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY

(Charity no. 1163245, Company no. 1293566)

NOTES TO THE FINANCIAL STATEMENTS

18. CONNECTED PARTIES:

a. Province of Yorkshire, West Riding

During the period ended 31st March 2022 no contribution was received from the Province of Yorkshire, West Riding towards the running costs of RMBI Homes in Yorkshire (2021 - £nil).

b. Masonic Foundation for the Aged and the Sick.

The Masonic Foundation for the Aged and Sick (MFAS) was dissolved in March 2011 and residual funds dispersed. However, the name remains on the Charity Commission register so that if MFAS is the beneficiary of any future legacies the RMBICC will be the agreed recipient and once funds are received they will be shared with the Masonic Samaritan Fund.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY

(Charity no. 1163245, Company no. 1293566)

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH 2022

18. CONNECTED PARTIES (CONTINUED)

c. Masonic Care Limited

Masonic Care Limited was incorporated on 21st October 1998 to provide accommodation and care for people with learning disabilities. RMBI Care Company took over the running of the home and the net assets and liabilities were transferred in 2018. This company is now dormant.

d. RMBI Pension Trust Limited

RMBI Pension Trust Limited is the sole Trustee of the RMBICC Pension scheme, the defined benefit scheme of RMBICC. RMBICC pays pensions on behalf of the RMBICC Pension scheme. The total amount payable to the RMBICC, by the Pension (Scheme), as at 31 March 2022 was nil (2021 - nil).

e. Compass Housing Ltd.

During 2006/7 the RMBICC took over the administration of Compass Housing Ltd, a sheltered housing complex in Cornwall, that was previously administered by Masonic Charitable Housing. The total amount payable to the RMBICC, by the Compass Housing Limited, as at 31 March 2022 was nil (2021 - £0.6k). The administration of Compass Housing Ltd has been transferred to Masonic Charitable Foundation, the parent charity during 2019/20.

19. PENSION SCHEMES

The Charity operates two pension schemes. One of these pension schemes is a defined benefits pension scheme, which was closed to new entrants on 4th September 1996. The scheme was also closed for the existing employees in September 2010. The other scheme is a defined contribution scheme.

a. Defined contribution

The Charity operates a defined contribution pension scheme. During the year the charity made payments totalling £773k (2021 - £763k).

b. Defined benefit

The RMBI Pension and Life Assurance Fund ("the Fund") is a funded defined benefit arrangement which provides retirement benefits based on final pensionable salary.

The valuation used for FRS102 disclosures has been based on a full assessment of the liabilities of the Fund. On 30 September 2010 the scheme stopped accruing benefits to its members and all the employees at that time were transferred to the Group Personal Pension Scheme. Hence, there is no current service cost for the defined benefit scheme and all contributions in note 7 relates to the defined contribution scheme.

c. Principal actuarial assumptions at the balance sheet date:

The results of the most recent formal actuarial valuation as at 31 March 2019 have been updated to 31 March 2022 by a qualified independent actuary. The assumptions used were as follows:

<u>Significant actuarial assumptions:</u>	<u>Year ended 31-Mar-22</u>	<u>Year ended 31-Mar-21</u>
Discount rate	2.7%	1.8%
Rate of inflation (RPI)	3.9%	3.3%
Rate of inflation (CPI)	3.3%	2.7%

Actuarial gains/(losses) in defined benefit obligation	1,300	(2,122)
Actual return on assets less interest	576	2,194
Total	<u>1,876</u>	<u>72</u>

i. Future Funding Obligation:

The Trustee is required to carry out an actuarial valuation every 3 years. The most recent actuarial valuation of the Fund was performed by the Scheme Actuary for the Trustee as at 31 March 2019. This valuation revealed a funding surplus of around £1.1m and therefore no deficit contributions are required from the Company. The Company has agreed to pay the ongoing costs of administering the Fund (including the PPF levy) directly. These costs are shown elsewhere in the accounts.

THE ROYAL MASONIC BENEVOLENT INSTITUTION CARE COMPANY

(Charity no. 1163245, Company no. 1293566)

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH 2022

20. TAXATION

The Royal Masonic Benevolent Institution Care Company is a registered charity and is potentially exempt from taxation in respect of income and capital gains received within the categories covered by Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992 to the extent that such income or gains are applied to exclusively charitable purposes.

21. NOTES TO CASH FLOW STATEMENT

ANALYSIS OF CHANGE IN NET FUNDS FOR THE GROUP

Cash and cash equivalent	5,555	(1,061)	4,494

(b) Previous year

	At 31st March 2020 £'000	Cash flow £'000	At 31st March 2021 £'000
Cash at bank and in hand	6,125	(663)	5,462
Short term deposits	1,087	(994)	93
Cash and cash equivalent	7,212	(1,657)	5,555

22 LEGAL STATUS OF THE CHARITY

The Charity is a company limited by guarantee and no share capital. In the event of the charity been wound up, the liability of the guarantee is limited to £10 per member of the charity.

23 ULTIMATE CONTROLLING PARTY

The charity is a subsidiary of the Masonic Charitable Foundation and the Trustee Board of the Masonic Charitable Foundation is the Charity's ultimate controlling party.

24 INVESTMENT PROPERTY REVALUATION

The investment property revaluation was undertaken by an external, independent property valuers, with a relevant and recognised professional qualification. The valuers have recent experience in the location and category of the property being valued.

The property comprises a retail unit as well as four residential accommodations. The residential accommodations have been valued assuming a sale on 125 year lease. The valuation of the retail unit is based on 15 year lease, capitalising the income payable to the freehold with appropriate investment yield and reflects discounts for related costs associated with the sale.

25 RELATED PARTY TRANSACTIONS

There have been no related party transactions other than those disclosed in note 18.

26 COVID-19 IMPACT

The Trustees have evaluated the impact of the pandemic on the operations of the charity, which is to provide residential care, nursing care and residential dementia support to older Freemasons, their families and people in the wider community.

In 2021/22, despite the ongoing challenge of the COVID-19 pandemic, Charity continued to deliver its strategy, whilst planning for a world beyond the pandemic. During the financial year, the income from Charitable Activities increased by 4%. The donations through our parent Charity and Infection Control grants amounts to 17% of the total income of £54.3m. In our care homes and throughout the social healthcare sector, complexity in the care needs of residents has been increasing. In addition, ongoing regulatory changes have driven a need for higher staffing levels to ensure provision of safe and high quality care. The industry-wide difficulty in recruiting qualified care staff has also contributed to an increase in the operating costs. As a result of our continual effort to deliver efficiency improvements and operational controls, the cost of providing care during this financial year showed a below inflation increase of 2% to £61m.

The Trustees have evaluated the impact of the pandemic on the operations of the charity, which is to provide residential care, nursing care and residential dementia support to older Freemasons, their families and people in the wider community.

The Trustees do not consider there to be any going concern issues and for this reason the financial statements have been prepared on a going concern basis.
